

MY PROCEDURE IS INCORRECT.

If the upcoming procedure listed in your appointment chart does not match the referral from your doctor this may be due to a simple difference in naming conventions. If you have concerns that you may be scheduled for the wrong procedure, please call the center where you are scheduled and ask to speak with a scheduling associate.

I DON'T SEE THE APPOINTMENT I NEED IN REQUEST AN APPOINTMENT.

If you have a doctor's referral for a different exam, please [call the center](#) where you would like to be scheduled and ask to speak with the scheduling department.
